

CEITEC PHD SCHOOL CAMPAIGN 2021/2022 – CALL SPRING 2022

Promotion of the PhD School serves primarily to ensure a sufficient number of quality candidates from prestigious foreign and national universities, as well as to promote the brand of CEITEC PhD School itself. This year's campaign has been prepared based on the experience from previous years with some upgrades. CEITEC PhD School is trying to attract these target groups:

- International students
- National students
- Masaryk University students

Overview of the Campaign Tools and Support

- The scientific community - mainly supervisors and students, direct promotion by the supervisors and their network, promotion at conferences and visits
- Supervisors and the administration section will provide slides ready to insert into their presentations to promote the CEITEC PhD School – [slides are attached](#)
