- 13) assess the quality and usefulness of courses conducted at the Doctoral School by submitting evaluation questionnaires following completion of the studies at the Doctoral School;
- 14) in the case of any dispute between a doctoral student and their supervisor – filing a request for mediation with the Head of the Doctoral School; it is required that at least one representative of the Doctoral Student Government participate in mediations between a doctoral student and their supervisor.

### **§ 9**

1. For research purposes related to preparation of their doctoral dissertation, a doctoral student also has the right to:
  - 1) participate in national and international scientific seminars, conferences, conventions and symposiums;
  - 2) complete internship in foreign research centers and conduct research in domestic and foreign research institutions – with the consent of the Head of the Doctoral School given after obtaining an opinion of a supervisor(s).
2. Internship completed abroad is included in the period of studies at the Doctoral School.
3. The Head of the Doctoral School may award a doctoral student a credit for courses or professional placement training completed by a doctoral student during their internship abroad. Such courses or professional placement training are regarded as those specified in the programme of studies.

### **§ 10**

1. A doctoral student who is a disabled person has the right to apply for adjusting conditions for completion of the programme of studies at the Doctoral School to their needs resulting from disability in a way that will enable them to fully participate in the education process.
2. Doctoral students specified in Item 1 are:
  - 1) disabled persons who hold a valid disability certificate, disability level certificate or an equivalent document;
  - 2) persons suffering from chronic diseases who do not hold the certificates specified in Point 1, and whose health condition is confirmed by submitted medical documentation;
  - 3) persons whose sudden disease or accident result in a temporary inability to fully participate in courses, and such circumstances are confirmed by submitted medical documentation.
3. The scope of adjustment of conditions for completion of the programme of studies, upon a doctoral student's request, is determined by the Head of the Doctoral School following consultation with a specialist for disabled persons.
4. Adjustment of conditions for completion of the programme of studies to suit a doctoral student's needs resulting from their disability may particularly involve:
  - 1) using by a doctoral student, during classes, credit tests and exams:
    - a) support provided by an assistant for the disabled,
    - b) technological solutions designed for a specific type of disability;
  - 2) modification of the procedure of participation in teaching classes;
  - 3) changing time limits and forms of taking credit tests and exams;
  - 4) providing a doctoral student with teaching materials in a form adapted to a specific type of disability.

## **Chapter 2**

### **Obligations of doctoral students**

#### **§ 11**

1. A doctoral student is obliged to comply with the Rules and Regulations.
2. A doctoral student is also obliged to observe other University internal regulations and the Code of Doctoral Student Ethics.
3. The main responsibilities of a doctoral student include completion of the programme of studies and implementation of an individual research plan, including:
  - 1) participation in teaching classes specified in the programme of studies;
  - 2) obtaining credits for courses specified in the programme of studies within set time limits;
  - 3) completion of professional placement training in the form of conducting or participation in conducting classes – in the number of hours specified in the programme of studies;
  - 4) conducting research studies under the guidance of their supervisor(s) and preparation of their doctoral dissertation in compliance with the schedule specified in an individual research plan.
4. A doctoral student is also obliged to:
  - 1) collect an electronic doctoral student ID, a badge and a password for access to an electronic doctoral student service system and protect them against access by any third parties;
  - 2) use an individual e-mail account in contacts with University employees, indicated by the University's Office of Doctoral Studies, and protect it against access by any third parties;
  - 3) develop, following consultation with their supervisor(s), an individual research plan including, in particular, a schedule of preparation and the set time limit for submission of their doctoral dissertation;
  - 4) submit, to the Head of the Doctoral School, an annual report on the course of studies at the Doctoral School specified in § 21 Items 3 and 4, including an opinion of their supervisor(s);
  - 5) make efforts to obtain funds for completion of research studies related to preparation of their doctoral dissertation;
  - 6) conduct research studies necessary for preparation of their doctoral dissertation in organizational units;
  - 7) sign the attendance list in an organizational unit in which research studies are conducted;
  - 8) in the case of absence from classes or an organizational unit in which research studies are conducted – immediately submit, to the unit responsible for administrative service of doctoral students, a medical certificate on temporary incapacity to participate in classes or research studies or, in justified cases – other written excuse;
  - 9) immediately notify the University about any change of personal data, including a change of address, and on any changes having an impact on the legal permissibility of studies at the Doctoral School and receiving doctoral scholarship;
  - 10) preserve the good name of the University;
  - 11) perform activities promoting science;
  - 12) attend the so-called summer and winter schools and other forms of classes developing their knowledge, skills and competencies;
  - 13) present the results of research studies at national and international scientific conferences.

#### **§ 12**

A doctoral student is obliged to hold documents confirming the fact of undergoing current medical tests specified in the Regulation of the Minister of Health on medical tests for candidates for post-primary or higher schools and professional qualification courses, pupils of such schools, students, participants of professional qualification courses and doctoral students.

**SECTION V**  
**ORGANIZATION OF STUDIES**

**Chapter 1**  
**Scientific guidance**

**§ 13**

1. The Doctoral School provides a doctoral student with scientific guidance of:
  - 1) a supervisor or supervisors or
  - 2) a supervisor and an assistant supervisor.
2. The Head of the Doctoral School, after consultation with a doctoral student, appoints their supervisor(s) within three months following the date of commencing studies.
- 2a. The Head of the Doctoral School, at a supervisor's request and after consultation with a doctoral student, may appoint an assistant supervisor for a doctoral student, subject to Item 2b.
- 2b. The appointment of an assistant supervisor is not possible if the scientific guidance is provided by supervisors.
3. The function of a supervisor may be performed by a person holding the degree of *doktor habilitowany* (habilitated doctor) at least and having scientific achievements, in the period of three years preceding assuming the duties of a supervisor, such as articles published in Impact Factor journals, scientific magazines or reviewed materials from international conferences, included in the current list announced by the Minister of Science and Higher Education
4. A person holding the degree of *doktor* [doctoral degree] at least may be an assistant supervisor.
5. A person who does not meet the requirements specified in Item 3 but is an employee of a foreign university or research institution may be a supervisor, if the University Scientific Council or a relevant scientific discipline council of the University decides that the person has considerable academic achievements in the field of scientific issues a doctoral dissertation relates to.
6. The function of a supervisor may not be performed by a person who in the preceding five years:
  - 1) was a supervisor of four doctoral students who were removed from the doctoral student register due to a negative result of mid-term assessment, or
  - 2) provided guidance in relation to preparation of a doctoral dissertation to at least two persons applying for the degree of *doktor* [doctoral degree] who did not receive positive reviews.
7. A supervisor confirms assuming the duties resulting from scientific guidance in writing.
8. A supervisor and an assistant supervisor may provide scientific guidance to not more than three doctoral students at the same time.
9. The number of doctoral students referred to in Item 8 does not include doctoral students who receive education under programmes or projects financed from external sources.

**§ 14**

1. The tasks of a supervisor include in particular:
  - 1) providing a doctoral student with assistance in developing the assumptions of a research project being the basis for preparation of their doctoral dissertation;
  - 2) developing, together with a doctoral student, an individual research plan specifying, in particular, the schedule of preparation and the time limit for submission of a doctoral dissertation;

- 3) providing guidance in the implementation of an individual research plan;
  - 4) making an annual assessment of a doctoral student's progress in the implementation of an individual research plan and issuing an opinion on a doctoral student's annual report;
  - 5) providing funds necessary for conducting a research project;
  - 6) issuing opinions on a doctoral student's requests concerning the course of studies;
  - 7) assessing a doctoral dissertation prepared by a doctoral student;
  - 8) developing their qualifications continuously – acquiring and extending knowledge and skills particularly by participation in conferences, training courses or workshops.
2. A supervisor is responsible for conducting on-site occupational work and safety training for a doctoral student at a unit where research studies are conducted and professional placement training specified in the programme of studies is carried out. The scope of the training should be adjusted as required by the nature of a doctoral student's research study and professional placement training.
  3. An assistant supervisor performs a supportive function in scientific guidance provided to a doctoral student, and in particular in planning research, as well as implementation and analysis of their results.

### **§ 15**

1. A doctoral student may file a request for changing their supervisor(s) with the Head of the Doctoral School or for appointing another supervisor(s), subject to Items 2 and 2a. The request has to include substantiation.
2. It is possible to change a supervisor(s) appointed within the set time limit specified in § 13 Item 2 within nine months following the commencement of studies.
- 2a. It is not possible to appoint another supervisor(s) or an assistant supervisor if the scientific guidance is provided by a supervisor and an assistant supervisor.
3. In exceptional and justified cases, the Head of the Doctoral School may decide on changing a supervisor(s), without applying the rule specified in Item 2.
4. In the cases specified in Items 2 and 3, a supervisor is changed in compliance with the rules set out in § 13 Items 3-9.
5. In the case of a supervisor's prolonging absence, the Head of the Doctoral School may appoint another academic teacher to perform the function of a supervisor temporarily, in compliance with the rules set out in § 13 Items 3-8.
6. In the case of substituting an assistant supervisor, the rules set out in Items 1-5 are applied accordingly.

## **Chapter 2 Programme of studies**

### **§ 16**

1. The program of studies at the Doctoral School, following the opinion of the Program Council of IDS, is determined by the Senate. Before the program of studies is determined, the Doctoral Student Government must be consulted, in accordance with the procedure set forth in the Statutes.
2. The programme of studies is published on the University website not later than five months before the commencement of the recruitment procedure.
3. The education of doctoral students at the Doctoral School may be provided in cooperation with another entity, in particular an entrepreneur or a foreign university or research institution.

### **§ 17**

1. The programme of studies at the Doctoral School includes, in particular, obligatory and elective courses as well as professional placement training. The programme of studies may also provide for lectures of visiting professors, internship abroad, courses organized in the form of summer or winter schools and study visits.
2. Teaching classes at the Doctoral School may be conducted with the use of distance education methods and techniques (e-learning).
3. The Head of the Doctoral School may oblige a doctoral student to participate in scientific events, including conferences, training courses or workshops by which the student may develop their knowledge, skills and competencies.
4. Completion of the programme of studies at the Doctoral School results in achieving the learning outcomes at level 8 of the Polish Qualifications Framework specified under the Act of December 22, 2015 on the Integrated System of Qualifications and regulations introduced pursuant to Article 7(3) thereof.
5. Course guides, referred to as "Course Cards," are annexes to the curriculum.
6. The Course Card specifies in particular:
  - 1) curriculum content;
  - 2) forms of teaching;
  - 3) methods of assessing learning outcomes;
  - 4) a bibliography.
7. The Course Card is accepted for the entire cycle of study and is not subject to change during its duration, except for changes to the curriculum referred to in § 17a, section 3.
8. No later than 14 days before the beginning of the semester in which the course is held, the Course Director is obligated to place the Course Card in the University's electronic doctoral student service system.

#### **§ 17a**

1. The program of studies at the Doctoral School is subject to systematic evaluation by the Program Council of IDS.
2. To improve the program of studies, the Program Council of IDS may indicate the necessity and scope of making amendments to it. The amendments are implemented beginning from the new cycle of studies.
3. Within the cycle of studies, introduced amendments will only:
  - 1) concern the selection of the curriculum contents provided to doctoral students during the courses and including the latest scientific achievements or achievements related to professional activity;
  - 2) result from the requirement to:
    - a) remove irregularities identified by the Scientific Evaluation Committee (*Komisja Ewaluacji Nauki - KEN*),
    - b) adjust the programme of studies according to the amendments made to the commonly binding law

#### **§ 18**

1. The number of hours of professional placement training, in the form of conducting or participation in conducting classes at the University, is determined by the resolution on the program of studies for a specific cycle of studies.
2. A doctoral student employed as an academic teacher, subject to § 6 Item 3, conducting teaching classes at the University, is exempt from professional training in the form of conducting or participation in conducting of teaching classes. The exemption is equivalent to obtaining a credit for teaching practice course.

### **Chapter 3**

#### **Individual research plan**

#### **§ 19**

1. An individual research plan is developed by a doctoral student, following consultation with their supervisor(s) and submitted, in Polish and English version, to the Head of the Doctoral School within 12 months following the commencement of studies. The template of an individual research plan is enclosed as Annex No. 1 to the Rules and Regulations.
2. In the case of appointing an assistant supervisor, an individual research plan is presented after their approval is granted.
3. An individual research plan specifies in particular:
  - 1) subject and assumptions of a research project, including research objectives of the planned studies and the method of completion thereof;
  - 2) schedule of preparation and date of submission of a doctoral dissertation
  - 3) full name, degree or academic title of a supervisor(s) or and an assistant supervisor and the scope of their duties and rules of cooperation;
  - 4) method of financing research studies;
  - 5) method of presentation of results of studies, including in the form of scientific articles or scientific meeting communications;
  - 6) participation in scientific conferences, internships or other forms extending knowledge and skills in the field studied;
  - 7) participation in international exchange programmes;
  - 8) list of the University's research infrastructure to which a doctoral student has access.
4. In exceptional and justified cases, upon a request filed jointly by a doctoral student and their supervisor(s), the Head of the Doctoral School may give consent for an update of an individual research plan.
5. Implementation of an individual research plan is subject to mid-term assessment in compliance with the rules specified in § 23 and 24.

**SECTION VI**  
**VERIFICATION OF LEARNING OUTCOMES**

**Chapter 1**  
**Awarding a credit for a course**

**§ 20**

1. A credit for a course may be awarded based on an exam, a test with a grade or a credit test. The form of awarding a credit for a course is specified in the schedule of the programme of studies implementation.
2. Exams and credit tests may be conducted in the form of written and spoken tests verifying knowledge and skills.
3. Exams and credit tests may be conducted in English, if a course was run in the language.
4. A credit for a course may also be awarded based on written assignments (essays) on a given topic, multimedia projects or presentations prepared by doctoral students.
5. An academic teacher informs doctoral students about the form of exam or credit test prior to commencement of a course.
6. The result of an exam or a credit test is entered into a doctoral student's electronic index to which access is provided via the University IT system.
7. A credit for a doctoral seminar is awarded during an annual public scientific review session at which a doctoral student gives presentation in English on scientific hypotheses, methods and results of their research studies.
8. A doctoral student's presentation at a public scientific review session is assessed by a committee appointed by the Head of the Doctoral School. The Head of the Doctoral School may invite external experts to participate in the work of the committee and act in an advisory capacity. The result of the assessment is entered into a doctoral student's electronic index by the Head of the Doctoral School.
9. A credit for practical placement training is awarded by a supervisor.
10. A doctoral student has the right to take an exam or a credit test in two attempts; the second exam or credit test attempt is a retake.
11. If a doctoral student fails to take an exam or a credit test specified in Item 7 due to illness or a leave for academic purposes, the Head of the Doctoral School, upon a doctoral student's request, may set another date of the exam or credit test.
12. In exceptional and justified cases, a doctoral student may obtain consent of the Head of the Doctoral School for exemption from attendance at specific courses included in the programme of studies, or a consent for repeating a course/courses provided that it does not result in extending the period of studies over the time limit specified in § 2 Item 1.
13. The Head of the Doctoral School may give a doctoral student a consent for obtaining a credit in advance for a course scheduled for the subsequent year or years of studies in the programme of studies.

**Chapter 2**  
**Awarding a credit for a year of study**

**§ 21**

1. A period for which credits are awarded at the Doctoral School is an academic year.
2. The condition for being awarded a credit for a year of study at the Doctoral School is:
  - 1) obtaining a credit for a course and professional placement training specified in the programme of studies;

- 2) completion of research studies and progress in preparation of a doctoral dissertation according to a schedule specified in an individual research plan.
3. The Head of the Doctoral School awards a credit for a year of study by making an entry in a doctoral student's electronic index based on a doctoral student's annual report approved by their supervisor(s).
4. Annual report on the course of studies referred to in Item 2 must be submitted by the doctoral student, in Polish or English, to the Head of the Doctoral School by August 30. The report template is presented in Annex No. 2 to the Regulations
5. A doctoral student does not have the right to repeat a year of study.
6. In exceptional and justified cases, the Head of the Doctoral School may postpone fulfillment of some of duties of a doctoral student until the next academic year.

### **Chapter 3**

#### **Scale of grades and a grade point average**

##### **§ 22**

1. The results of credit tests and exams and the grade point average are expressed by the following scale of grades:
  - 1) 5,0 – *bardzo dobry*;
  - 2) 4,5 – *ponad dobry*;
  - 3) 4,0 – *dobry*;
  - 4) 3,5 – *dość dobry*;
  - 5) 3,0 – *dostateczny*;
  - 6) 2,0 – *niedostateczny*.
2. The scale of grades specified in Item 1 may be applied in its translated version, in English:
  - 1) 5.0 – *Excellent*;
  - 2) 4.5 – *Very Good*;
  - 3) 4.0 – *Good*;
  - 4) 3.5 – *Satisfactory*;
  - 5) 3.0 – *Sufficient*;
  - 6) 2.0 – *Failed*.
3. A grade point average is calculated as an arithmetic mean of grades obtained by a doctoral student in all credit test and exam attempts.

### **Chapter 4**

#### **Mid-term assessment**

##### **§ 23**

1. The implementation of the individual research plan referred to in § 19 is subject to mid-term assessment.
2. The mid-term assessment is carried out in the middle of the period of studies specified in the programme of studies at the Doctoral School, however, not later than by the end of the fifth semester of studies.
3. The mid-term assessment ends with a positive or negative result. The assessment result, including a justification, is open to the public and it is announced on the University website within a time limit set in the schedule specified in Item 5.
4. The mid-term assessment also includes evaluation of the quality of scientific guidance provided by a supervisor(s).
5. The schedule of the mid-term assessment is set by the Head of the Doctoral School. It is published for doctoral students at the University website.

6. The mid-term assessment is based on:
  - 1) an individual research plan;
  - 2) report on the implementation of the individual research plan prepared by a doctoral student in Polish and English, approved by their supervisor(s); a doctoral student submits the report in written and electronic version, in Polish and English, to the Evaluation Committee for Mid-term Assessment through the Head of the Doctoral School within a time limit set in the schedule specified in Item 5; the template of the report is enclosed as Annex No. 3 to the Rules and Regulations;
  - 3) annual reports submitted by a doctoral student after the first and the second years of study;
  - 4) evaluation of the quality of scientific guidance provided by a supervisor(s), in Polish and English version; the template is enclosed as Annex No. 4 to the Rules and Regulations;
  - 5) an assessment interview at which a doctoral student presents their scientific achievements related to the preparation of their doctoral dissertation.
7. The condition for being admitted to the mid-term assessment is the submission of the documents listed in Item 6 Points 2 and 4 within the time limit specified in the schedule referred to in Item 5.
8. Presence of a doctoral student at the mid-term assessment, on the date specified in the schedule referred to in Item 5, is obligatory. A doctoral student may excuse their absence by presenting the Head of the Doctoral School with a medical certificate or, in justified cases, another written excuse. In the case of an excused absence, the Head of the Doctoral School will set a new date for the mid-term assessment.
9. Failure by a doctoral student to submit the documents required for the mid-term assessment within the prescribed time limit, or unexcused failure to attend the mid-term assessment on the scheduled date will incur a negative result of the mid-term assessment.
10. In the case of a negative mid-term assessment, a doctoral student is removed from the doctoral student register, under the rules specified in § 35.

#### **§ 24**

1. Mid-term assessment is carried out by the Evaluation Commission for Mid-term Assessment appointed, upon a request of the Head of the Doctoral School, by the Scientific Discipline Council in which a doctoral dissertation is prepared. The Scientific Discipline Council nominates a chairperson who manages the work of the Commission.
2. In justified cases, the Scientific Discipline Council, upon the request of the Head of the Doctoral School, may change the composition of the Evaluation Committee for Mid-term Assessment.
3. The Evaluation Committee for Mid-term Assessment is composed of three persons, including at least one person holding the title of *doktor habilitowany* (habilitated doctor) or the title of professor in the discipline in which a doctoral dissertation is being prepared, employed outside the University, or a person referred to in § 13 Item. 5. Neither a supervisor nor an assistant supervisor may be members of the Evaluation Committee for Mid-term Assessment.
4. Meetings of the Evaluation Committee for Mid-term Assessment are also attended by a representative of doctoral students who acts as an observer.
5. Meetings of the Evaluation Committee for Mid-term Assessment are attended by all its members.
6. Decisions of the Evaluation Committee for Mid-term Assessment are taken by a simple majority of votes. Members of the Committee may not abstain from voting.

7. In justified cases, a member of the Evaluation Committee for Mid-term Assessment may participate in the meetings of the Committee remotely, by means of electronic communication, ensuring, in particular, multilateral communication in real time, in compliance with the necessary security rules.
8. The outcome of the mid-term assessment is determined in a closed meeting, without the participation of a doctoral student or their supervisor.
9. The Evaluation Committee for Mid-term Assessment draws up minutes, in Polish and English, to be signed by the Chairperson of the Committee. A template of the minutes is specified in Annex No. 5 to the Rules and Regulations.
10. The mid-term assessment minutes, including the report specified in § 23 Item 6 Point 2, is kept in a doctoral student's personal files.
11. A doctoral student and their supervisor(s) have the right to get familiar with the mid-term assessment minutes.
12. In the event of a breach of the formal conditions of the mid-term assessment concerning the composition of the Evaluation Committee for the Mid-term Assessment, or conducting of the procedure of the assessment in violation of the Rules and Regulations, a doctoral student has the right to submit objections to the Head of the Doctoral School, within seven days of the publication of the result of the assessment, and file a request for re-assessment.
13. The grounds for objections may not be based on complaints concerning the substantive assessment made by the Evaluation Committee for the Mid-term assessment.
14. Objections based on the grounds referred to in Item 13 will not be considered.
15. A doctoral student has the right to submit an appeal to the Rector against the decision of the Director of the Doctoral School in the matter referred to in section 12, within 14 days of its receipt. The Rector's decision shall be final.

## **SECTION VII DOCTORAL DISSERTATION**

### **Chapter 1 Submission of a doctoral dissertation**

#### **§ 25**

1. Studies of a doctoral student at the Doctoral School end with submission of their doctoral dissertation.
2. A doctoral student submits their doctoral dissertation in written version, along with an abstract in English and a positive opinion of their supervisor(s) to the Head of the Doctoral School, within a time limit specified in the individual research plan. An abstract in Polish must also be attached to a doctoral dissertation prepared in a foreign language.
- 2a. In the case of a doctoral dissertation the subject of which is protected by legal secrecy, it is considered as submitted based on a certificate confirming the submission of the dissertation issued by a relevant dean's office.
3. A doctoral dissertation may have the form of a written paper, including a scientific monograph, a collection of published and theme-related scientific articles, a design, construction, technological or implementation work, as well as an independent and separated part of a collective work.
4. In the case of submission of a doctoral dissertation before the end of the period of studies completion stipulated in the programme of studies, the Head of the Doctoral School, upon a doctoral student's request, exempts them from the obligation to participate in the remaining part of classes and professional placement training until the end of

the period of studies.

5. Studies at the Doctoral School in the case specified in Item 4 may not last for a period shorter than six semesters.

## **Chapter 2**

### **Extending the time limit for submission of a doctoral dissertation**

#### **§ 26**

1. Upon a doctoral student's request, the Head of the Doctoral School may extend the time limit for submission of a doctoral dissertation specified in an individual research plan, in the following cases:
  - 1) long-term illness of a doctoral student or their supervisor or other ill-fated reasons,
  - 2) necessity of conducting long-term research studies,
  - 3) other circumstances beyond the control of a doctoral student or their supervisor,
  - 4) *(repealed)*  
– for the overall period not longer than two years.
2. A doctoral student has to enclose substantiation and the opinion of their supervisor(s) to the request.
3. Extending the time limit for submission of a doctoral dissertation results in extending the period of studies at the Doctoral School, and a doctoral student retains their right to doctoral scholarship subject to § 30 Item 2.

## **SECTION VIII**

### **DOCUMENTING THE COURSE OF STUDIES**

#### **§ 27**

1. The course of studies at the Doctoral School is documented by:
  - 1) a doctoral student's electronic index to which doctoral students and academic teachers have access via the University IT system;
  - 2) data stored in the University IT system in printed version:
    - a) minutes on awarding credits for courses,
    - b) doctoral student periodic achievement record.
2. The rules of keeping records on the course of studies are established by the Rector.

#### **§ 28**

1. Each doctoral student is given an index number – a subsequent within a given academic year until completion of studies at the Doctoral School.
2. Personal files of each doctoral student are marked with a student index number.
3. Personal files of each doctoral student include:
  - 1) documents required from a candidate for the Doctoral School;
  - 2) minutes of the Recruitment Committee on the procedure of recruitment to the Doctoral School;
  - 3) written version of the pledge signed by a doctoral student;
  - 4) confirmation of receipt of an electronic doctoral student ID and its copies;
  - 5) consent of a supervisor(s) for providing scientific guidance to a doctoral student;
  - 6) individual research plan;
  - 7) a doctoral student's annual reports;
  - 8) minutes on awarding credits for courses and doctoral student periodic achievement record;

- 9) minutes on the mid-term assessment;
- 10) a doctoral student's requests and applications filed in relation to the course of studies;
- 11) decisions regarding the course of studies;
- 12) doctoral dissertation with the opinion of the supervisor(s) enclosed, with the exception of doctoral dissertations the subject matter of which is protected by legal secrecy.

## **SECTION IX SUSPENSION OF STUDIES**

### **§ 29**

At a doctoral student's request, the Head of the Doctoral School suspends their studies for a period corresponding to the period of maternity leave, a leave taken under the terms and conditions of maternity leave, paternity leave and parental leave specified in the Act of June 26, 1974 – Labor Code.

## **SECTION X DOCTORAL SCHOLARSHIP**

### **§ 30**

1. A doctoral student who is not a holder of the degree of *doktor* [doctoral degree] receives doctoral scholarship.
2. An overall period in which doctoral scholarship is received may not exceed four years.
3. A period of suspension of studies specified in § 29 is not included in the period defined in Point 2.

### **§ 31**

1. The amount of monthly doctoral scholarship is at least:
  - 1) 37% of the remuneration for professors – up to the month in which mid-term assessment is carried out;
  - 2) 57% of the remuneration for professors – following the month in which mid-term assessment is made.
2. The amount of monthly doctoral scholarship is determined by the Rector.
3. The amount of doctoral scholarship may depend on a doctoral student's achievements. The criteria and procedure of awarding an increased scholarship and its amount are established by the Rector.
4. A doctoral student who holds a disability certificate, disability level certificate or the decision specified in Article 5 and Article 62 of the Act of August 27, 1997 on professional and social rehabilitation and employment of disabled persons, receives, in the period specified in § 30 Item 2, doctoral scholarship in the amount defined in Item 1 Point 1 and increased by 30%.
5. In the case of a doctoral student who, following the mid-term assessment with a positive result, is employed as an academic teacher or an academic staff member for the number of hours not exceeding half of the full time, the amount of scholarship is 40% of the monthly scholarship specified in Item 1, Point 2.
6. The University pays social insurance contributions stipulated in the regulations on social insurance system – obligatory old age pension, disability pension and accident insurance. The contributions are deducted from the amount of doctoral scholarship. The University deducts health insurance contributions if a doctoral student is not covered by the insurance based on any other entitlement.
7. Sickness insurance for doctoral students is voluntary.

8. Doctoral scholarship is not awarded to a doctoral student receiving remuneration of at least 150% of the amount of the doctoral scholarship to which they are entitled, in accordance with Item 1 under employment by the University, in connection with the implementation of a research project referred to in Article 119(2)(2) and (3) of the Act of July 20, 2018 - Law on Higher Education and Science, during the period of that employment.

### **§ 32**

1. In the period of suspension of studies specified in § 29, the provisions on determining the maternity benefit are applied accordingly when establishing the amount of doctoral scholarship, however, the basis for the benefit assessment is understood as the amount of monthly doctoral scholarship due on the day of filing a request for suspension.
2. A doctoral student who submitted their doctoral dissertation, before the set date of completion of studies stipulated in the programme of studies, receives the doctoral scholarship until the day on which the time limit for completion of studies ends, however, no longer than for a period of six months, subject to § 30 Item 2.

### **§ 33**

1. A doctoral student may be awarded:
  - 1) a scholarship by a local government unit,
  - 2) a research scholarship by a natural person or a legal entity that is not a state or local government legal entity,
  - 3) a scholarship from the minister responsible for higher education and science for outstanding young scientists,- or other scholarships awarded pursuant to separate provisions.
2. A doctoral student who is temporarily in a difficult financial situation may receive an allowance.
3. The allowance is granted pursuant to the terms specified in the Act.

## **SECTION XI DISCIPLINARY LIABILITY OF DOCTORAL STUDENTS**

### **§ 34**

Doctoral students are subject to disciplinary liability for violating the rules applied at the University and for committing acts demeaning the dignity of a doctoral student under the procedure specified in the Act, secondary legislation and the University internal regulations.

## **SECTION XII REMOVAL FROM THE DOCTORAL STUDENT REGISTER**

### **§ 35**

1. A doctoral student is removed from the doctoral student register in the following cases:
  - 1) obtaining a negative result of the mid-term assessment;
  - 2) failure to submit a doctoral dissertation within the time limit specified in an individual research plan;
  - 3) withdrawal from studies;
  - 4) failure to commence studies;
  - 5) violation of the prohibition referred to in Article 200 (7) or Article 209(10) of the Act;
  - 6) imposing a disciplinary penalty of expulsion from the Doctoral School.
2. A doctoral student may be removed from the doctoral student register in the following cases:
  - 1) unsatisfactory progress in preparation of their doctoral dissertation;

- 2) failure to fulfill the obligations specified in § 11 Items 1 and 3.
3. The statement on withdrawal from studies at the Doctoral School should be submitted by a doctoral student in written form to the Head of the Doctoral School.
- 3a. A doctoral student is deemed not to have commenced their studies if they do not make the pledge referred to in § 7 Item 1 within five days from the beginning of the academic year.
4. A doctoral student is removed from the doctoral student register by an administrative decision of the Rector. If the Rector passes such a decision, a request for reconsidering of the case may be filed within 14 days following the receipt thereof.
- 4a. In the proceedings for the removal of a doctoral student from the doctoral student register, in the cases referred to in Item 1, Point 5, a doctoral student is requested to submit, within no less than 30 days, a letter of resignation from their studies in another doctoral school or from their employment as an academic teacher or academic staff member.
5. The removal from the doctoral student register results in the loss of the entitlement to the doctoral scholarship. Payment of the doctoral scholarship is suspended on the first day of the month following the month in which the decision on removal became final.
6. In the case of removal from the doctoral student register, it is not possible to resume studies. A person who was removed from the doctoral student register may be admitted to the Doctoral School under the recruitment procedure.
7. A person removed from the doctoral student register is obliged to return their electronic doctoral student identification document.

### **SECTION XIII FINAL PROVISIONS**

#### **§ 36**

A doctoral student is obliged to get familiar with the Rules and Regulations before commencement of their studies.

#### **§ 37**

In all matters not settled herein, relevant decisions are taken by the Rector.

#### **§ 38**

The Rules and Regulations become effective on October 1, 2019.

#### **§ 39**

Any amendments to the Rules and Regulations are made in compliance with the relevant provisions on adoption hereof.
